Assumed Sale Price

THIS IS A KOANO-DERIVED INDICATIVE VALUE from recorded comparable sales. NOT an appraisal, a listing price, or an accepted offer.

KOANO INDICATIVE VALUE (RECORDED SALES)

$3,660,000

$1,156/sq ft median × 3,166 sq ft · 141 recorded sales

Every line below is estimated FROM this figure. If you have a contract or list price, use that instead.

Closing Costs: You Provide These

KOANO does not know these figures. Fill them in from your closing statement, lender, and attorney.

Line item	Amount	Why KOANO cannot source it
Transfer taxes (NYC RPTT + NY State)	_____	Rate depends on price band and party.
Title insurance & search	_____	Set by the title company.
Broker commission	_____	Negotiated per engagement.
Mortgage payoff (seller)	_____	From your lender.

These are inputs, not KOANO outputs.

Estimated Net

Seller net proceeds = sale price - (transfer taxes + title + commission + mortgage payoff + attorney/misc.)

KOANO does not compute a net total, because the inputs are yours to supply.
