Pricing Recommendation Sheet

369 6th Street, Brooklyn, NY · Generated 2026-01-01

Recommended Price Band

The band is the interquartile spread (25th–75th percentile) of comparable recorded $/sq ft. Not an appraisal or a list price.

LOW (25TH PERCENTILE)	MIDPOINT (MEDIAN)	HIGH (75TH PERCENTILE)
$3,200,000	**$3,660,000**	**$4,120,000**
$1,010/sq ft	$1,156/sq ft	$1,301/sq ft

Derivation: 141 qualifying recorded sales reduced to $/sq ft; the 25th/50th/75th percentiles applied to 3,166 sq ft of building area. The interquartile spread excludes outliers on both ends.

How These Comparables Were Selected

To keep the selection defensible rather than cherry-picked, KOANO applies a fixed rule to NYC DOF recorded sales:

- Residential recorded sales only (DOF classes 01, 02, 03, 09, 10, 12, 13).
- A trailing window keyed to the subject ZIP.
- Sales with a recorded gross square footage.
- A trimmed median for the central figure.
